

Package: exactextractr (via r-universe)

September 15, 2024

Title Fast Extraction from Raster Datasets using Polygons

Version 0.10.0

Description Quickly and accurately summarizes raster values over polygonal areas ("zonal statistics").

Depends R (>= 3.4.0)

License Apache License (== 2.0)

SystemRequirements GEOS (>= 3.5.0)

Imports Rcpp (>= 0.12.12), methods, raster, sf (>= 0.9.0),

URL <https://isciences.gitlab.io/exactextractr/>,
<https://github.com/isciences/exactextractr>

BugReports <https://github.com/isciences/exactextractr/issues>

LinkingTo Rcpp

Suggests dplyr, foreign, knitr, ncd4, rmarkdown, testthat, terra (>= 1.5.17)

Encoding UTF-8

RoxygenNote 7.1.2

VignetteBuilder knitr
